

Conditions for Learning Forum 2014

The Tennessee Department of Education is pleased to announce the Conditions for Learning Forum 2014 to be held May 8-9, 2014 at the Embassy Suites in Murfreesboro. The forum will provide an opportunity for district staff to learn about opportunities to collaborate in creating an environment where students are both healthy and successful. The forum is built around three focus areas: 1) physical activity/nutrition/health education 2) health factors that most directly impact student learning, and 3) climate/safety/behavior.

The forum is sponsored by the offices of Coordinated School Health, School Nutrition, and Safe and Supportive Schools in collaboration with Healthier Tennessee, the Governor's Foundation for Health and Wellness. Directors are encouraged to send teams representing district leadership, school health, school nutrition, safety, student support and extended learning. Additional information regarding the forum, including registration instructions, will be forwarded to various district program staff and will be available on this training page. If you have additional questions, please contact Lori Paisley at lori.paisley@tn.gov
